[Docket No. FAA-2019-0530; Airspace Docket No. 19-ASO-14]

RIN 2120-AA66

**Proposed Amendment of the Class E Airspace and Establishment of Class E Airspace;
Huntsville, AL**

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class E surface airspace and the Class E airspace extending upward from 700 feet above the surface and establish a Class E airspace area designated as an extension to a Class C surface area at Huntsville International-Carl T. Jones Field, Huntsville, AL. The FAA is proposing this action as the result of the decommissioning of the Decatur VHF omnidirectional range (VOR) navigation aid, which provided navigation information for the instrument procedures at this airport, as part of the VOR Minimum Operational Network (MON) Program. The names of Huntsville International-Carl T. Jones Field, Redstone AAF, Pryor Field Regional Airport, and Huntsville Executive Tom Sharp Jr. Field and the geographic coordinates of Huntsville International-Carl T. Jones Field, Pryor Field Regional Airport, and Huntsville Executive Tom Sharp Jr. Field would also be updated to coincide with the FAA's aeronautical database. Airspace redesign is necessary for the safety and management of instrument flight rules (IFR) operations at this airport.

DATES: Comments must be received on or before **[INSERT DATE 45 DAYS AFTER DATE**

OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend the Class E surface airspace and the Class E airspace extending upward from 700 feet above the surface and establish a Class E airspace area designated as an extension to a Class C surface area at Huntsville International-Carl T. Jones Field, Huntsville, AL, to support IFR operations at this airport.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2019-0530/Airspace Docket No. 19-ASO-14." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may

be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at http://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the "ADDRESSES" section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by:

Amending the Class E surface airspace at Huntsville International-Carl T. Jones Field,

Huntsville, AL, by updating the city in the airspace legal description to Huntsville, AL (previously Huntsville International-Carl T. Jones Field, AL), to comply with a change to FAA Order 7400.2M, Procedures for Handling Airspace Matters; updating the geographic coordinates of the Huntsville International-Carl T. Jones Field; updating the name of Huntsville International-Carl T. Jones Field (previously Huntsville International-Carl T. Jones Field Airport) and Redstone AAF (previously Redstone Army Air Field) to coincide with the FAA's aeronautical database; and would replace the outdated term "Airport/Facility Directory" with "Chart Supplement";

Establishing a Class E airspace area designated as an extension to a Class C surface area at Huntsville International-Carl T. Jones Field extending 1 mile each side of the 181° bearing from the Huntsville International-Carl T. Jones Field: RWY 36L-LOC extending from the 5-mile radius of Huntsville International-Carl T. Jones Field to 6.3 miles south of the Huntsville International-Carl T. Jones Field: RWY 36L-LOC;

And amending the Class E airspace extending upward from 700 feet above the surface to within a 7.5-mile radius (reduced from an 8.2-mile radius) of Huntsville International-Carl T. Jones Field; adding an extension 3 miles each side of the 001° bearing from Huntsville International-Carl T. Jones Field extending from the 7.5-mile radius to 12.3 miles north of the Huntsville International-Carl T. Jones Field; adding an extension 1.3 miles each side of the 181° bearing from the Huntsville International-Carl T. Jones Field: RWY 36L-LOC extending from the 7.5-mile radius to 8.3 miles south of the Huntsville International-Carl T. Jones Field: RWY 36L-LOC; updating the names of Huntsville International-Carl T. Jones Field (previously Huntsville International-Carl T. Jones Airport), Pryor Field Regional Airport (previously Pryor Field), Decatur, AL, and Huntsville Executive Tom Sharp Jr. Field (previously Huntsville

Airport North), Huntsville, AL, to coincide with the FAA's aeronautical database; and would update the geographic coordinates of Huntsville International-Carl T. Jones Field, Pryor Field Regional Airport, and Huntsville Executive Tom Sharp Jr. Field to coincide with the FAA's aeronautical database.

This action is the result of an airspace review caused by the decommissioning of the Decatur VOR, which provided navigation information for the instrument procedures at these airports, as part of the VOR MON Program.

Class E airspace designations are published in paragraph 6002, 6003, and 6005, respectively, of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71 - DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018, is amended as follows:

Paragraph 6002. Class E Airspace Areas Designated as a Surface Area.
